

Dual PT 1

Dual PT 2

Dual PT 4

**Dual PT 1 Phono Table** walnut finish

**Dual PT 1 W Phono Table** white

Movable phono table, primarily for Dual KA 32 L, Dual KA 61 and KA 61 L compact systems, as well as for Dual HS 141 and Dual HS 151 stereo home systems. Also for Dual P 60, Dual HS 27, HS 130 and Dual KA 12 L. Moves smoothly and silently on four chromium-plated metal casters. Compartments accept up to 6 Dual record cases (see page 58, example 3).

Made of wood; available in walnut finish or in white plastic veneer.

Dimensions: 424 x 440 x 365 mm (W x H x D)  
Weight: 6.3 Kg

**Dual PT 2 Phono Table** walnut finish

**Dual PT 2 W Phono Table** white

Movable phono table designed for a Dual stereo component system consisting of record player and amplifier or receiver. And for Dual stereo home systems HS 141, Dual HS 151 with Dual CT 18 tuner or Dual CT 19, or multiphonic additional amplifier Dual MV 61. Compartments accept up to 6 Dual record cases (see page 58, example 1).

Made of wood; available in walnut finish or white plastic veneer.

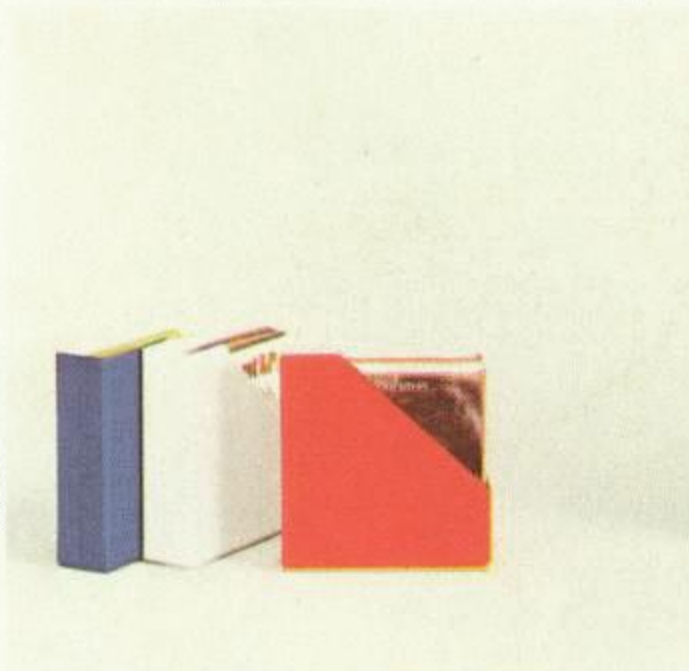

Dimensions: 424 x 575 x 365 mm (W x H x D)  
Height of center compartment: 117 mm  
Weight: 9.2 Kg

**Dual PT 4 Phono Table** walnut finish

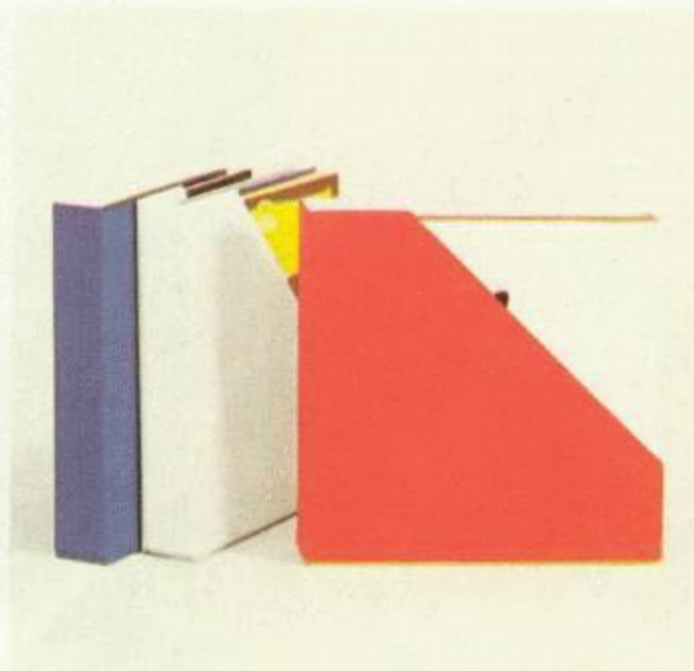

**Dual PT 4 W Phono Table** white

Movable phono table for complete Dual stereo component system, including: 5 Dual components, 2 record boxes, and 6 record cases. The solidly constructed table moves smoothly and silently on five chromium-plated casters. Accommodation for 2 multi-way plug sockets with extension cord on the back panel of phono table. The bottom compartment accepts up to 6 Dual record cases and 3 Dual CP 1 record boxes (see page 59, example 6; page 60, examples 9-12; page 61, examples 14-16). Made of wood; available in walnut finish or with white plastic veneer.

Dimensions: 850 x 575 x 365 mm (W x H x D)  
Height of center compartment: 117 mm  
Weight: 18.2 Kg

Dual DB 17

Dual DB 30

**Dual DB 17 Record Case**

Compact record case for space-saving storage of approximately twenty 17 cm records. Matches Dual phono tables. Finish: washable, heavy-duty vinyl  
Dimensions: 60 x 200 x 195 mm (W x H x D)

Available in pack of 3:  
DB 17-1, red, blue, grey  
DB 17-2, red  
DB 17-3, blue  
DB 17-4, grey

**Dual DB 30 Record Case**

Practical record case for space-saving storage of approx. fifteen 30-cm LP records. Matches Dual phono tables (see pages 58 to 61). Finish: washable, heavy-duty vinyl  
Dimensions: 60 x 330 x 325 mm (W x H x D)

Available in packs of 3:  
DB 30-1, red, blue, grey  
DB 30-2, red  
DB 30-3, blue  
DB 30-4, grey

**Dual CP 1 Record Box** walnut finish

**Dual CP 1 W Record Box** white enamel

Elegantly styled record storage box for twenty 30-cm LP records. Size and styling to match Dual home stereo systems and Dual HiFi stereo components (see page 58, example 2; page 59, example 6; page 60, examples 9-12; page 61, examples 14 and 16).

Made of wood; available in walnut finish or in white enamel.

Dimensions: 420 x 108 x 360 mm (W x H x D)

Dual CK 21 W base with Dual CH 21 cover

## Bases and covers

Lightly tinted covers are available to protect equipment and records against dust. Depending on the type of model, the covers can be folded, removed, or, on bases with automatic tilt-hold covers, left opened at any desired angle. On most units, the cover is already included.

The table shows which bases and covers can be combined.

The Dual CK 17, Dual CK 20 and Dual CK 21 bases are suitable for installation of the Dual TVV 47 HiFi equalizer-pre-amplifier (see page 54).

## Examples of Dual Combinations

Whatever considerations go into the planning and purchase of your audio system — whether you want stereo or four-channel . . . a home system or compact system . . . or a system comprising separate components . . . the following examples of combinations can be of help to you.

For this reason, we've provided a wide selection from which you can choose — all perfectly matched Dual units. Here you'll see many possibilities, each arrangement coordinated for specific listening needs.

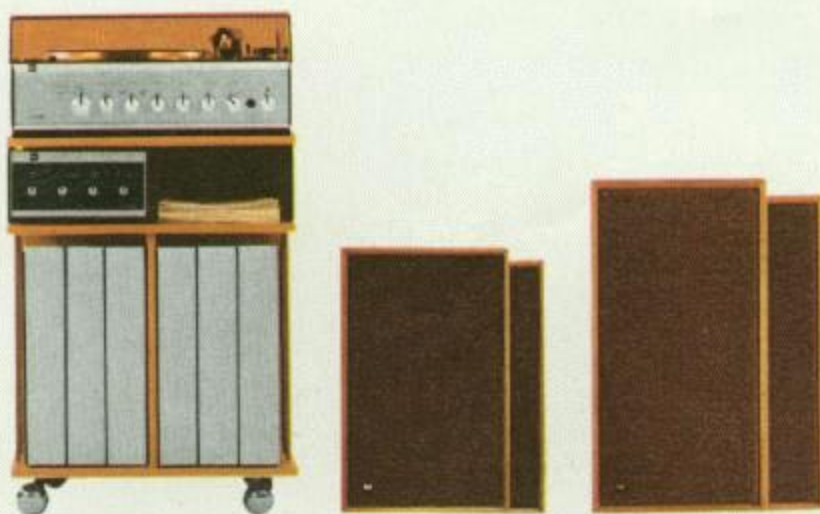

But there is still a wealth of additional possibilities. That's why Dual created the special folder, »Dual HiFi Stereo and Quadraphonic«. It offers additional system planning information. Mailed upon request!
